

THE BRITISH SOCIETY FOR CLINICAL NEUROPHYSIOLOGY (FORMERLY THE EEG SOCIETY)

A Scientific Meeting and AGM
to be held at
The Atrium
The Royal Free Hospital,
Pond Street, London.

On Friday 14th October 2011

PROGRAMME

0830 Coffee and Registration

- 0910 1. The Sensitivity of Stimulated-SFEMG in Paediatric Myasthenia by Two Methods of Data Analysis. V. Narwani, T. Tidswell, and M. Pitt. Royal Free Hospital and Great Ormond Street Hospital, London, UK.
- 0930 2. Incidence and Latency of Lower Limbs A-Waves in Healthy Elderly Subjects. E. Ali and K.R. Mills. Department of Clinical Neurophysiology, King's College Hospital, London, UK.
- 0950 3. The Influence of Arteriovenous Shunting on Peripheral Nerve Function in End Stage Kidney Disease (ESKD). B. Rajendran, Y.C. Lee, C. Blomberg and D.A. Ingram. Barts and the London NHS Trust, London, UK.

1010 INVITED LECTURE HIV Neuropathies

Dr HADI MANJI
**MRC Neuromuscular Centre, The National Hospital
for Neurology and Neurosurgery, London, UK.**

1045 Coffee and Exhibition

- 1115 4. Deep Brain Stimulation of the Thalamic Centromedial Nucleus (CMN-DBS) in Epilepsy. L. Vico, G. Alarcón and A. Valentín. Institute of Psychiatry, King's College London and Clinical Neurophysiology Department, King's College Hospital. London, UK.
- 1135 5. Can Brain Pulsation Affect the Amplitude of MEPs Evoked by TMS? B. Trivedi, M.P. Richardson and K.R. Mills. King's College London, UK.
- 1155 6. Efficacy of Standard Parameters for Transcranial Direct Current Stimulation (tDCS). J. Barnes¹, S.R. Jaiser¹, H.M. Lai^{1,2}, S.N. Baker¹ and M.R. Baker^{1,2}.
¹Institute of Neuroscience, Newcastle University.
²Department of Clinical Neurophysiology, Royal Victoria Infirmary, Newcastle upon Tyne, UK.

1215 INVITED LECTURE What do Depth Recordings Tell us About the Pathology of Parkinson's Disease and How Might They be Used to Improve Deep Brain Stimulation?

Professor PETER BROWN
**Chair of Experimental Neurology,
University of Oxford, Oxford, UK.**

1305 LUNCH and EXHIBITION

1355 ANNUAL GENERAL MEETING

**MEDICAL STANDING COMMITTEE
SCIENTIFIC STANDING COMMITTEE**

- Shortage Speciality Status
- CfWI Manpower Projections
- Quality Metrics for Clinical Neurophysiology
- SAC Matters

- 1440 7. Impact of Prolonged EEG on Clinical Decisions. F. Javaid¹, T. Tidswell and H. Angus-Leppan. Royal Free Hospital NHS Trust, London, UK.
- 1500 8. REM Sleep Behaviour Disorder (RBD) : Quantification of EMG Using Power Spectral Analysis. S. Smith and P. Cresswell. The Walton Centre for Neurology and Neurosurgery, Liverpool, UK.
- 1520 9. Yawning as an Ictal Seizure Manifestation. A. Nicotra^{1,2}, N. Khalil¹, P. Owbridge², M. Hakda² and Y. Beitverda³.
¹West London Neurosciences Centre, Imperial College Healthcare NHS Trust, London, UK, and ²Clinical Neurophysiology, ³Care of the Elderly and General Medicine, Central Middlesex Hospital, London, UK.

1540 TEA

- 1555 10. Further Support for Non-Genomic Hormonal Regulation of the Skeletal Muscle Chloride Conductance. J. Burge, S. Schorge and M.G. Hanna. MRC Centre for Neuromuscular Disease, Queen Square, London, UK.
- 1615 11. Acute Oxaliplatin- Induced Neurotoxicity: Membrane Potential Changes with Natural Activity. S. Park^{1,2}, C. Lin¹, A. Krishnan¹, D. Goldstein³, M. Friedlander³ and M. Kiernan¹.
¹Neuroscience Research Australia & University of New South Wales; ²Institute of Neurology & Institute of Child Health, University College London, UK and ³Prince of Wales Hospital, Sydney Australia.
- 1635 12. Adaptation of the Pudendo-Anal Reflex and Facilitation by Trans-Cranial Magnetic Stimulation After iSCI: Towards A Therapeutic Intervention. N. Vasquez, P. Ellaway, A. Gall, S. Knight and M Craggs. London Spinal Cord Injuries Centre, RNOH, Stanmore & University College London and Imperial College London, UK.

1655 CLOSE
