

9th International Paediatric EMG Course

**Monday 9th — Wednesday 11th
September 2013**

Downing College, Cambridge

After meetings held in London, Paris, Uppsala, and Corsica it is the turn of Cambridge University to offer the venue for this popular course.

The course is of interest to clinical neurophysiologists and paediatric neurologists and no prior knowledge of the speciality is needed.

In a three-day residential course with an international faculty including all the leading experts in the speciality all aspects of paediatric EMG will be covered, including hands on workshops.

**Consultants: £450 non-residential
£750 full residential**

**Trainees: £350 non-residential
£650 full residential**

There are a limited number of residential places. These will be allocated on a first come, first served, basis on receipt of application and payment of course fee.

For Further information and to book a place, please contact:
