

**The British Society for Clinical Neurophysiology
(formerly the EEG Society)**

A Scientific Meeting
to be held in
The Learning and Research Centre

Southmead Hospital, Bristol, UK

On Friday 2nd July 2010

PROGRAMME

0840 Coffee and Registration

- 0930 1. The Neurophysiology of Myoclonus. P. G. Sarrigiannis and J. Fotheringham.
Royal Hallamshire Hospital, Sheffield Teaching
Hospitals, UK.
- 0950 2. 'Sarcolemmal Electrotonus' – Effects of R. Arunachalam, D. Allen and C.E.G. Moore.
Membrane Polarisation on the Excitability Departments of Clinical Neurophysiology, Southampton
of Human Muscle Fibres In-Vivo. and Portsmouth, UK.
- 1010 3. Clapham's Sign; Stretch Related Facial L. Clapham, D. Allen, R. Arunachalam and J. Cole.
Muscle Contraction After Complete Wessex Neurological Centre, Southampton and Poole
Denervation. Hospital, UK.
- 1030 4. Cross Correlation Analysis in Stimulated T. Tidswell¹, and B. Packham².
Single Fibre EMG. ¹Royal Free Hospital and ²University College, London,
UK.

1050 Coffee and Exhibition

- 1120 5. EEG And VEP Abnormalities in a Patient T. Yermakova and A.A.A. Bajalan.
With Heidenhain's Variant of Creutzfeldt Department of Clinical Neurophysiology, Hull Royal
Jacob's Disease. Infirmary, Hull, UK.
- 1140 6. Is It Safe or Useful to Hyperventilate Patients L. Romaniuk¹, D.M. Turnbull² and R.G. Whittaker.^{1,2}
With Mitochondrial Disease? ¹Department of Clinical Neurophysiology, Royal Victoria
Infirmary, Newcastle upon Tyne, UK and ²Mitochondrial
Research Group, Institute of Ageing and Health,
Newcastle University, Newcastle upon Tyne, UK.
- 1200 7. Mechanisms of Double Fasciculations in K.R. Mills.
ALS. King's College, London, UK.

1220 **INVITED LECTURE**
Inherited Neuropathies

Dr PETER LUNT, Consultant Clinical Geneticist,
University Hospital,
Bristol, UK.

1300 LUNCH and EXHIBITION

1400 **INVITED LECTURE**
Stem Cell Therapy for MS: Problems And
A New Paradigm.

Professor NEIL SCOLDING,
Burden Professor of Clinical Neurosciences,
University of Bristol, UK.

**The British Society for Clinical Neurophysiology
(formerly the EEG Society)**

- 1440 8. Evaluation of Motor Evoked Potentials (By Transcranial Magnetic Stimulation-TMS) As Marker of Disease Severity And Progression in Primary Progressive Multiple Sclerosis. B. Patil, N. Kane, D. Cottrell, P. Walsh and S. Butler Frenchay Hospital, Bristol. UK.
- 1500 9. A Technical Evaluation of The Neurometrix ‘Advance’ Handheld EMG Machine. A. Kumar, J. Martinez and J. D.P. Bland. Department of Clinical Neurophysiology, East Kent Hospitals NHS Trust, UK.
- 1520 **INVITED LECTURE**
Surgical Management of Upper Limb Neurological Disorders. **Mr IAN LESLEY**
Consultant Orthopaedic and Hand Surgeon,
University Hospitals, Bristol, UK.
- 1550 **TEA**
- 1600 **MEDICAL STANDING COMMITTEE**
SCIENTIFIC STANDING COMMITTEE
- Quality Metrics for Clinical Neurophysiology
 - Accreditation of Physiological Measurement Services
 - Revalidation
 - UK Workforce Planning
- 1700 **CLOSE**
