Birmingham Children’s Hospital
Steelhouse Lane
Birmingham
B4 6NH

Trainees and new Consultants in Paediatric Neurology, Paediatric Neurodisability or Paediatrics with an interest in Epilepsy, may apply for EITHER course or BOTH.

Applicants for the Paediatric EEG Course only, must have previously completed the Introduction to EEG Course (‘basic course’). The Paediatric EEG Course is also suitable for trainees in Clinical Neurophysiology (no Introduction to EEG Course requirement).

Attendance on each course attracts 15 CPD points. (30 points for attendance to both courses).
**Established Lecture / Workshop Format**

Each topic will be introduced by a specialist lecture, followed by hands-on analysis and interpretation of carefully selected examples from our extensive library of digital EEG recordings. You will work in tutor-groups of two or three with guidance always at hand.

**Cost** (including discount for early payment, lunch and refreshments)

- Each course: £350
- Both courses: £650

**Registration**

Because of the workshop format, numbers are limited to 12 people. As soon as possible book your place by completing the booking form below. If you have any queries please contact 0121 333 9260 and speak to Shellie Reeves or email shellie.reeves@bch.nhs.uk.

**Travel and Accommodation**

Our hospital is in Birmingham city centre. We can be easily reached using public transport and limited car parking near the hospital. For information on bus routes and times call the Travel line on 0871 200 22 33 or visit www.networkwestmidlands.com. National rail services - for information on routes and times for travelling from across the UK to Birmingham, call National Rail Enquiries 08457 48 49 50 or visit www.nationalrail.co.uk
